---

Full refund up until withdrawal date, after withdrawal date refund only if replaced from the wait list.

## Additional Details

Fantastic opportunity to get some XC practice in at a brilliant facility with an even more brilliant trainer in Jonty. Absolutely EVERYONE welcome, whether you're starting your event season with gusto, doing it for the sheer pleasure of being in a field in Worcestershire or you're not really sure why you keep booking scary sounding activities with your horse but you seem to enjoy them after you've survived, you will be very welcome!

## Coach / Instructor

Jonty Evans is an experienced coach with a passion for helping riders of all levels and abilities get the best from their horses. Jonty's competitive riding career has spanned over 20 years, riding nationally and internationally including 5\* completions and notably representing Ireland at the Olympics in Rio de Janeiro in 2016, where he finished eighth with his team and ninth individually. Jonty suffered a serious fall from his horse Cooley Rorkes Drift (Art) in 2018 during the cross country phase at Tattersalls, which left him unconscious and in a coma for six weeks. Astonishingly, Jonty learned to talk and walk again and is now back riding, having competed at his first event since the accident in 2019 and now competing internationally for Ireland in Para Dressage. He has also returned to coaching riders of all abilities, from new/nervous/inexperienced up to International eventing combinations, and everything in-between.

## On site Facilities

The extensive cross country course will suit all abilities and requirements, whether it is for a first time schooling session for either horse or rider, or for a pre-advanced event run, there is something for everyone and their horse.

The course covers approximately 50 acres, with over 100 jumps ranging from 18 inches to 3'6", including ditches, 3 water complexes, arrow heads, combinations, steps. Built by Tony Symonds, a British Eventing Gold level Course Builder, all the jumps are professionally constructed. Tony has been involved in the building and preparation of many BE Horse Trials across the country including Hartpury, Aston Le Walls, Mattingley, Blair Castle, he was a part of the 2008 course building

team for the Beijing Olympics and the 2012 course building team for the London Olympics.

Tony is continuously adding new jumps and complexes, moving portable fences, in order to keep the course

fresh and upto date.
