Additional Details

This session is for 2 hours, of which half an hour of coaches time has been subsidised by our branch! We are very lucky and this will allow good time for a review of the session. These sessions will develop XC riding skills and accuracy with lines, angles and skinny jumps. Including some discussion on fitness, competition preparation, potential preparation competition dates and planning for Area 9 Eventing Competition on 20th July 2024. Dressage and SJ rallies are available to prepare for eventing too!

Dress

Body protectors and hats meeting current requirements are mandatory. Hats must have a current Pony Club hat tag and no fixed peak. Hairnets must be worn for those with long hair. Branch Pony Club tops with long sleeves. No hoods that can't be rolled away.
